

09:15	Registration		
09:45	Keynote 1:	“Information Technology and the Good Life”	Dr. Erik Stolterman Professor at the Department of Informatics, Umeå University, Sweden
10:45	Coffee break		
11:00	Session 1:	Evolvable Hardware and Information Retrieval Chair: Øyvind Vestavik	Session 2: Mobile Systems and Graphics Chair: Jørgen Løland
11:00		“Possibilities of Adaptivity in Evolvable Hardware” Frode Eskelund	11:00 “Service Context and Information Content in Mobile Information Services” Gisle Hop Grimen, Roger Midstraum, and J. Zoric
11:20		“Complexity and Evolvability in Computational Development” Per Kristian Lehre	11:20 “Requirement Indicators for Mobile Work: The Mowahs Approach” Heri Ramampiaro, Alf Inge Wang, Carl-Fredrik Sørensen, Hien Nam Le, and Mads Nygård
11:40		“Multilingual Information Retrieval” Jeanine Lilleng	11:40 “A MVRA Approach for Analysing Risk in Mobile E-commerce Systems” Siv Hilde Houmb
12:00		“Methods for Retrieving Musical Information Based on Rythm and Pitch” Will Archer Arentz, Magnus Lie Hetland, and Bjørn Olstad	12:00 “A Physically Based Forward Raytracer” Heidi Brunborg and Torbjørn Smørgrav
12:30	Lunch		
13:30	Keynote 2:	“From Thesis to Successful Product”	Dr. Øystein Torbjørnsen Distinguished Engineer, Sun Microsystems
14:30	Coffee break		
14:45	Session 3:	System Development Chair: Jingyue Li	Session 4: Intelligent Systems Chair: Cyril Banino
14:45		“Validating and Evaluation Framework for Requirements Engineering Tools” Raimundas Matulevicius	14:45 “A Work Context Perspective on Mixed-Initiative Intelligent Systems” Jörg Cassens
15:05		“Reuse in Theory and Practice: A Survey of Developer Attitudes at Ericsson” Parastoo Mohagheghi, Reidar Conradi, Erlend Naalsund, and Ole Anders Walseth	15:05 “Knowledge Communication and CBR” Frode Sørmo
15:25		“Domain Model Driven Approach to Product Traceability” Darijus Strasunskas	15:25 “Linear Logic for Domain-Independent AI Planning” Peep Küngas
15:45		“Developing Ideas for Future Electronic Patient Record System through Drama Improvisation” Gry Seland	15:45 “A Component Platform for CBR Systems Development” Chema Abasolo
16:15	Coffee break		
16:30	Poster session		
19:00	Conference Dinner
